Maybe even better than free.

filehosting provides an easy possibility for you to send large files to your friends. So try our free and simple filehosting service now. Alternatively you can choose to share your download links on blogs, forums and social networking sites. You can give this download link to your friends by mail or instantmessenger.

Files can be downloaded from any computer from our high speed servers. You can upload any type of file (movies, music, documents, images, zipfiles and more). If only we could, we surely would! On the other hand, using file can actually save you money. Your wallet will be none-the-lighter! Just sowe're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to yourfriends device. Keep your files private, or send your download links only to friends or family. No account or credit card is required to get started. It is alsoallowed to link to the download page from websites and communities. Any file in any format can be uploaded and downloaded for free. You decide who youwant to share your files with. You don't need any special software installed to be able to download your files. When you use file, you avoid storing the fileyou're sending in your cloud storage or mail server. We have no file size limit. Why pay storage fees for a file that you just wanted to send to a friend orcolleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. Simply upload your file and share the link.Unfortunately, we can't make that part free. There are no restrictions on the number of times a file can be downloaded. The cost of that data transfer is coveredby your internet service or the data plan on your phone. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. Using file, youcan circumvent those limits without paying to upgrade your team chat service. Just upload the file you want to share with your friends and we send you adownload link to your file. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees.Our service is completely free for everyone.

File is free to use with no gotchas and no hidden fees.
